

## NJHealthConnect iPad Policy

The Englewood Library has been awarded iPads through the NJHealthConnect@YourLibrary grant program. This makes possible the borrowing of iPads. WiFi access is required for the iPad to connect to telehealth applications.

### **ELIGIBILITY**

Local organizations may borrow up to 5 iPads from the Englewood Public Library.

### **INTERNET USE**

The Englewood Library is not responsible for information accessed using this device or for personal information shared over the Internet. iPad users are encouraged to follow safe Internet practices.

### **PRIVACY POLICY**

Your Internet usage is not tracked by the Library or the service provider. The Library does not have access to or collect specific usage data. The Library does not provide patron information to the service provider. The only data about the iPad program that the Library collects is the amount of times the device is checked out for use.
